

EXPERIENCE

RPM Events is downtown Chicago's premier location for weddings and private events. With more than 6,000 square feet, the venue features sweeping views of the Chicago River, a grand ballroom that can be divided into three independent spaces with access to the outdoor terrace, and a fully customizable culinary experience that provides guests with the best of RPM Restaurants.

THE SPACE

Guests enter through a private entrance into the main foyer then descend down the grand staircase past a pre-function room and a dedicated wedding suite before entering into the grand ballroom. The space in its entirety can host 250 guests for a seated function and 425 for a reception, though it can be easily divided into smaller private event spaces with access to the outdoor terrace and panoramic views of the Chicago River along the entirety of the venue.

CUISINE & BEVERAGE

From intimate special occasions to extravagant wedding receptions, mix and match signature items from RPM Italian, RPM Steak and RPM Seafood. Each menu is created exclusively by our executive chef team to include a variety of interactive stations, passed options, custom dessert carts and more. Round out your event with beverage and wine selections curated by award-winning wine director, Richard Hanauer.
